ECFMG® Selected as a Philly.com Top Workplace

PHILADELPHIA, PA — The Educational Commission for Foreign Medical Graduates (ECFMG) has been recognized by Philly.com as one of the [Top Workplaces in Philadelphia for 2013](#). The 100 companies and organizations on the list are not only better places to work but are more likely to be successful than peer organizations.

The Top Workplaces are determined based solely on employee feedback. The employee survey is conducted by WorkplaceDynamics, LLP, a leading research firm on organizational health and employee engagement. WorkplaceDynamics conducts regional Top Workplaces programs with 37 major publishing partners and also recognizes a list of national Top Workplaces.

ECFMG strives to make health care better. Through its growing number of programs, it promotes excellence in the medical education received by physicians, which can improve the quality of care they provide. It also protects the public by assisting the world's medical regulatory authorities, medical specialty training programs, and hospitals in evaluating the qualifications of their physician applicants. In these ways, ECFMG serves physicians and the global medical education and regulatory communities.

As observed by ECFMG's President and Chief Executive Officer, Emmanuel G. Cassimatis, M.D., "The key to good service is good people. By meeting the needs of our employees, we are able to meet the needs of the many organizations and individuals around the world that share our goals and rely on our expertise to achieve them."

Philly.com published the complete list of Top Workplaces on March 17th. For more information about the Top Workplaces lists and WorkplaceDynamics, please visit www.topworkplaces.com and www.workplacedynamics.com.

About ECFMG

ECFMG is a world leader in promoting quality health care—serving physicians, members of the medical education and regulatory communities, health care consumers, and those researching issues in medical education and health workforce planning. ECFMG evaluates whether international medical graduates (IMGs) are ready to enter U.S. graduate medical education (GME) programs and offers a variety of other programs for IMGs and the entities worldwide that educate, train, register/license, and employ them.

Established in 1956, ECFMG is a private, nonprofit organization based in Philadelphia, Pennsylvania, with more than 800 full- and part-time employees.

ECFMG's organizational members are the American Board of Medical Specialties; American Medical Association; Association of American Medical Colleges; Association for Hospital Medical Education; Federation of State Medical Boards of the United States, Inc.; and the National Medical Association.

For more information, visit the ECFMG website at <http://www.ecfm.org/>.
