

The College of Physicians and Surgeons of Prince Edward Island requires that physicians seeking medical licensure/registration who completed their medical education outside Canada submit copies of certain documents to the Educational Commission for Foreign Medical Graduates (ECFMG) International Credentials Services (EICS). EICS will obtain primary source verification of the authenticity of these documents from the entity that issued these documents to you.

The College of Physicians and Surgeons of Prince Edward Island requires that you submit copies of the following documents to EICS for verification:

- Medical school diploma
- Medical school transcript
- Postgraduate training certificates
- Medical licensure/registration certificates in other jurisdictions

Please complete the enclosed EICS Application for Verification of Credentials and send it to EICS with the required documents, passport-sized photographs and payment of US\$150.00. Instructions for completing the application are included.

You will be notified when EICS has received and processed your completed application, documentation and fee. EICS will write to the issuing institutions listed on your application to secure primary source verification of your submitted credentials. EICS will send the institutions a copy of the document to be verified, an official EICS verification request form and a photograph signed by you to assist in identification. EICS will request that an authorized institution official complete and return the verification request form directly to EICS.

After verification of all the required credentials has been obtained, an EICS report will be issued to the College of Physicians and Surgeons of Prince Edward Island. The EICS report will contain your name and biographic information and list the medical credentials that have been verified. Copies of all credentials and completed verification forms are included with the report.

If EICS does not receive verification of all credentials within sixty (60) days of our initial request, EICS will send a second request for verification of these documents. An EICS Credential Verification Report will also be issued to the College of Physicians and Surgeons of Prince Edward Island. The Report will include details on the credentials that have been verified and those still pending verification. EICS will issue individual addendum reports upon subsequent receipt of pending verifications.

Your EICS application packet consists of the following items:

- Instructions for Completing the ECFMG International Credentials Services (EICS) Application
