For all Steps, a highly rigorous process is used to ensure the accuracy of scores, including a parallel scoring method involving independent scoring systems. Therefore, a change in your score or in your pass/fail outcome based on a recheck is an extremely remote possibility. To date, the score recheck process has not resulted in a score change.

The score recheck process does not include a manual review of the questions or your answers. When a request for a score recheck is received, the original response record is retrieved and rescored using a system that is outside of the normal processing routine. The score calculated during the recheck is then compared with the original score. You will be advised in writing whether the original score (if applicable) and/or pass/fail outcome was deemed accurate. No additional information will be provided in the letter.

If you wish to request a score recheck, complete and submit this request form. Your request must be received no later than 90 days after your result was released to you.
