For all Steps and Step Components, a rigorous process is used to ensure the accuracy of scores, including a double scoring method involving independent scoring systems. Therefore, a change in your score or in your pass/fail outcome based on a recheck is an extremely remote possibility. To date, the score recheck process has not resulted in a score change. However, if you wish to request a score recheck, complete and submit this request form. Your request must be received no later than 90 days after your result was released to you.

For Step 1/2 Clinical Knowledge (CK), when a request for a score recheck is received, the original response record is retrieved and rescored using a system that is outside of the normal processing routine. The rechecked score is then compared with the original score.

For Step 2 CS, the ratings received from the standardized patients and from the physician note raters are retrieved, re-summed, and reconverted into final scores to verify the accuracy of the original outcome. Encounters and patient notes are not re-rated, and videos are not reviewed during the recheck.

- To obtain a score recheck, complete and sign this request form.
- To submit payment, complete all information requested on the Payment for Service(s) Requested (Form 900), which is included with this request form. **Include a payment of US$80.00 for each exam for which a recheck is requested.**
